NOW IS THE TIME to reserve your shore excursion for this exciting voyage. Tours are first come, first served. So, don't delay. We would not want you to miss out. For the Saint John Sightseer Tour, once the morning departure is filled we will open up an afternoon departure.

Fundy Coast Tour (duration 4 hours) Explore one of the world's most dramatic and dynamic coastlines, Atlantic Canada's Bay of Fundy. Home to the highest tides in the world, the Bay of Fundy is a 170-mile-long ocean bay that stretches between the provinces of New Brunswick and Nova Scotia on Canada's east coast. Each day 100 billion tons of seawater flows in and out of the Bay of Fundy during one tide cycle—more than the flow of all the world's freshwater rivers put together! This tour will also take you to St. Martins, one of the quaintest fishing villages in New Brunswick. Over the past decade, St. Martins has become known as one of New Brunswick's most beautiful seaside vacation resort communities. A small community of artisans produces pottery, jewelry, paintings and sculptures. And there are a growing number of unique shops and galleries. At St. Martins you will have the opportunity to visit the twinned covered bridges, lighthouses and even walk on the ocean floor – at low tide of course. It is a photographer's delight! There will also be an opportunity to have a mug of world-famous seafood chowder (at your own cost). Tidal cycle not guaranteed minimum 50 guests – \$72 per person/\$40 ages 4-12/ages 3 and under go free
